DETAILED ACTION

Drawings

The replacement drawing sheet including Fig. 3 and 4 was received on 4/13/2004. These drawings are acceptable.

Reasons for Allowance

Claims 1-29 are allowable over the prior art for the reasons set forth in the Office Action mailed 1/13/04.

Claims 30-31 are allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest the layers having a thickness such that said predetermined depth is an integral multiple of one period of said layers as set forth in the claimed combination.

Response to Arguments

Applicant's arguments filed 4/13/04, with respect to claim 30 have been fully considered and are persuasive. Accordingly, the rejection of claim 30 and the objection to claim 31 has been withdrawn.

The Examiner had previously equated "optical thickness" with the term thickness in claim 30; however, such

interpretation imposes a language that is not consistent with the specification (line 1 to line 8 of the Remarks.)

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for."
